PROGRAM LETTER N15FJ

March 1, 2025

ABQ FSDO
1601 Randolph Rd. SE, Suite 200N
Albuquerque, NM 87106

I am submitting a program for glider MDM Fox S/N 256 (N15FJ), as per 14 CFR Section 21.193(d). The aircraft is registered to Desert Aerospace, LLC and is based at Moriarty Municipal airport, NM (0E0). Robert Carlton is the person responsible for maintenance.

N15FJ has a Special Airworthiness Certificate issued for the purpose of Experimental Exhibition. The following is an updated list of airshows and other events the aircraft will attend this year, including those outside of the aircraft's operating area.

All proficiency flights for these events will be within a 300 nautical mile radius of the aircraft home base of Moriarty, NM (0E0). Any flying outside of the area stated in this program letter will only be conducted for formation flying, training, or pilot checkout, or in conjunction with a specific event listed in this letter, or amendments thereto. Flights in preparation for FAI or SSA sanctioned contests or awards will be flown from 0E0 unless noted.

Depending on schedule, some dates may include transport and/or practice sessions before or after the show dates listed.

A list of confirmed events is maintained on our website at
<https://www.vertigoairshows.com/2025-schedule>

Listed events and dates may change, but listed events will always be current at least 15 days prior to a scheduled event.

Sincerely,

Robert Carlton
